like, what have we implemented in the backend, what have we implemented in the backend and what infrastructure have we added

4:04 PM

Kaye

and refinements for Customer API

4:04 PM

rylee

and since this is the first release, i guess it covers sprint 1 and 2

4:04 PM

rylee

and frontend, log in, sign up integration as well as basic bookings page

4:04 PM

Josh

that is also integrated

4:05 PM

Kaye

User Authentication API and frontend integration
Booking API and frontend integration
Initial unit tests (?)

Kaye

CircleCI integration

4:06 PM

Josh

are all the

4:06 PM

Kaye

Dockerize the application

4:06 PM

Josh

milestone 2 docs done

4:06 PM

Kaye

i think so if the sprint 2 retro is ok

4:06 PM

Josh

yeah

Josh

ill push it to github after class

4:06 PM

rylee

Changes
